CATALOGO / CATALOG 30-04/2023

Douglas DC-3 (1/48)

Boeing 737-200 (1/200)

Boeing 747-200 (1/200)

Airbus A340/500 (1/200)

Fokker 50 (1/200)

Curtiss C46 (1/200)

Boeing 707-320 (1/200)

Fokker 100 (1/200)

INFORMAÇÕES ADICIONAIS / ADDITIONAL INFORMATION

- 1 - Os valores dos decais podem sofrer alterações sem aviso prévio.
- 2 - As artes podem sofrer alterações sem aviso prévio.
- 3 - Consulte disponibilidade de fornecimento da escala do decal de seu interesse.
- 4 - Pode haver diferença de tonalidade de cores conforme data de impressão.
- 5 - Garantia dos decais é indeterminada. Guarde na embalagem original protegida de umidade.
- 6 - Não mantenho estoque para entrega imediata. Consultar prazo para postagem após o pagamento.
- 7 - **EVITE GOLPES!!!** Não faça nenhum pagamento que o favorecido não seja "Christian Chriscolo Saavedra".
- 8 - O valor da postagem não está incluído nos custos dos decais.
- 9 - O decais podem ser impressos em qualquer escala (sob consulta).

- 1 - The values of the decals may change without prior notice.
- 2 - The arts may change without prior notice.
- 3 - Consult the availability of the scale of the decal you are interested in.
- 4 - There may be a difference in color tone according to the date of printing.
- 5 - Warranty of the decals is indefinite. Store in the original packaging protected from moisture.
- 6 - I do not keep stock for immediate delivery. Consult deadline for postage after payment.
- 7 - **AVOID FRAUD!!!** Do not make any payment that the beneficiary is not "Christian Chriscolo Saavedra".
- 8 - The postage value is not included in the cost of the decals.
- 9 - The decals can be printed in any scale.

DICAS PARA APLICAÇÃO / APPLICATION TIPS

IMPORTANTE LER ANTES DE INICIAR A APLICAÇÃO

- 1 - Decal com camada de verniz única. As figuras devem ser recortadas individualmente.
- 2 - Não é aconselhável usar qualquer tipo de amaciante de decais.
- 3 - Usar água isenta de cloro.
- 4 - A película é muito fina. Aplique com cautela.
- 5 - Não aplicar o decal sobre bases foscas.
- 6 - Para retirar o excesso de água usar papel absorvente.
- 7 - Para eliminar bolhas de ar use papel absorvente pressionando levemente sobre o local. Evite "esfregar"!
- 8 - Uma dica válida é fazer um lado do modelo e no dia seguinte fazer o outro. Isso evita "desastres" indesejáveis.
- 9 - Após conclusão da aplicação deve aplicar uma camada de verniz em todo o modelo para selar os decais.
- 10 - O decal aceita verniz PU Bicomponente. O uso de verniz em spray tipo "colorgim" deve ser usado com extrema cautela.

IMPORTANT READ BEFORE STARTING THE APPLICATION

- 1 - Decal with single varnish layer. Figures must be cut individually.
- 2 - It is not advisable to use any type of decal soft.
- 3 - Use chlorine-free water.
- 4 - The film is very thin. Apply with caution.
- 5 - Do not apply the decal over matte bases.
- 6 - To remove excess water, use absorbent paper.
- 7 - To remove air bubbles, use absorbent paper, pressing lightly on the area. Avoid "rubbing"!
- 8 - A valid tip is to do one side of the model and the next day do the other. This avoids undesirable "disasters".
- 9 - After completing the application, apply a layer of varnish to the entire model to seal the decals.
- 10 - The decal accepts automotive PU varnish. The use of spray varnish should be with extreme caution.
